

FIREFACTOR 6TH GRADE

The Colorado Springs Fire Department's FireFactor program is designed specifically for your 6th-grade students! We engage students with activities, interactive polls, and videos to teach students about fire in our community and the consequences of unsupervised, experimental, or illegal use of fire. Students will learn about:

- Basic fire science and fire behavior
- Types of fire in our community
- Virtual fire and today's media
- Fire's impact on our community
- Consequences for fire misuse
- The crime of youth arson
