Community Profile

History

General William Jackson Palmer founded Colorado Springs in 1871, envisioning a resort community always in view of Colorado's famous Pikes Peak. Within seven years, the Antlers Hotel was built; and by 1918, the renowned Broadmoor Hotel was constructed.

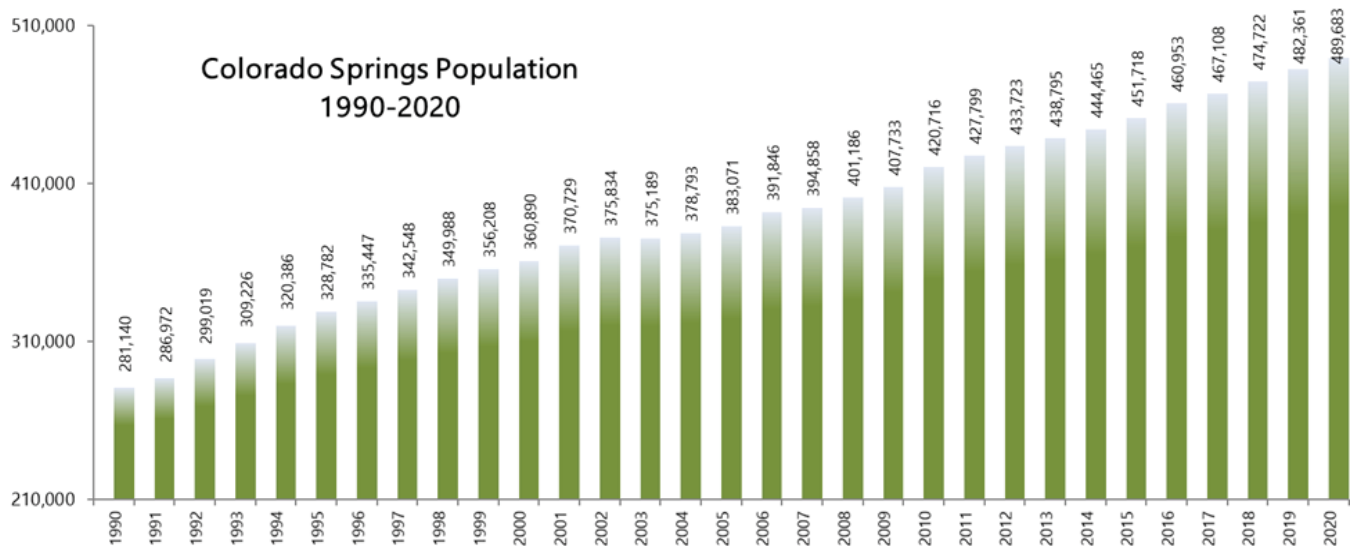

Beginning in the late 1800s, Colorado Springs became a natural health destination for tuberculosis patients because of the nearly 300 days of sunshine a year, natural mineral springs, and dry mountain air.

Throughout its history, Colorado Springs has been a popular tourist destination due to its surrounding natural beauty and magnificent climate. Some of the more visited sightseeing attractions in and around Colorado Springs include Garden of the Gods, Pikes Peak – America's Mountain, United States Olympic & Paralympic Headquarters and Training Center, Cheyenne Mountain Zoo, United States Air Force Academy, and The Broadmoor Hotel.

Population

Colorado Springs is located at the foot of Pikes Peak, 70 miles south of Denver. With a land area of 195 square miles and a 2020 estimated population of 489,683, Colorado Springs is the State's largest city in terms of area and second only to Denver in population.

The population of Colorado Springs has grown dramatically since the 1990s, increasing 74.18% from 1990 to the estimated 2020 population.

Local Economy

The economic base has become quite diversified with a mix of military installations, defense contracting, healthcare, software development, semiconductor manufacturing, telecommunications, data centers, religious and nonprofit associations, and tourism.

Area military installations are a significant factor in the local economy, constituting over 20% of all employment. Five major military installations are in the surrounding area: Fort Carson, Schriever, Peterson Air Force Bases, Cheyenne Mountain Air Station, and the United States Air Force Academy.

The spectacular climate makes it a choice location for software development, semiconductor manufacturing, data centers, and telecommunications. The Insurance industry is the second largest employer in the City.

Major Private Sector Employers 1,000-4,999 Estimated Number of Employees (Excluding School Districts)

Education

There are nine public school districts serving greater Colorado Springs with over 100 public elementary, middle, junior, and senior high schools. There are also more than 50 private, parochial, and charter schools.

In addition, Colorado Springs has more than 50 vocational and two-year schools, colleges, and universities. Below is a list of the City's largest colleges and universities.

On average, Colorado Springs ranks significantly higher in educational attainment compared to the national average. On last reporting, the U.S. Census Bureau, American Community Survey reports that in 2017 39.0% of Colorado Springs residents 25 and older have at least a Bachelors degree. The national average is 32.0%.
