Cultural Services - Overview

Cultural Services is responsible for developing and implementing programs that preserve and interpret the cultural and natural history of the Pikes Peak Region. In a typical year, over 200,000 people visit Cultural Services' sites and participate in their numerous programs. This does not include the millions that visit Garden of the Gods annually. Cultural Services sites and programs are key elements of the City's tourism economy.

In addition to the annual City appropriation, the Division relies upon support from Friends organizations, donations, earned income, and grants in order to operate the facilities.

Cultural Services:

- Oversees the operations and programs of Garden of the Gods Park. The park welcomes more than 4.0 million visitors annually with support from various partner organizations, including the Garden of the Gods Visitor and Nature Center, Garden of the Gods Foundation and the Friends of Garden of the Gods
- Coordinates the Rock Ledge Range Historic Site – a living history museum exhibiting historical life in the Pikes Peak region from the 1770s to the early 1900s. The Living History Association raises funds to support operations.
- Manages the Colorado Springs Pioneers Museum (CSPM) with a collection of over 75,000 artifacts, 80,000 historic photographs, and 6,400 cubic feet of archival materials. The museum staff collaborates with the CSPM Board and the CSPM Foundation that provide over \$320,000 annually to support the institution.
- Maintains a collection of 100 pieces of City-owned outdoor art, including the 1929 William Jackson Palmer sculpture and recent gifts from the Downtown Partnership and their popular Art on the Streets program. Currently all permanent pieces of public art are derived through community donations.
- Manages the visitor services and park safety patrol activities at the Starsmore Visitor and Nature Center and Helen Hunt Falls Visitor Center in North Cheyenne Cañon Park. Visitor donations help support these programs.
- Administers the archaeology programs in the city's parks and open spaces. These activities result in the documentation and preservation of cultural sites and resources, ensure that city projects are in compliance with state and federal laws, and engage key stakeholders, including American Indian tribes. This is funded through the TOPS stewardship initiative.

Recreation and Administration - Overview

The Recreation and Administration Division provides a myriad of recreational programs, human services, and special events to residents and visitors alike. The Division has oversight of the Sertich Ice Center and the seasonal Acacia Park outdoor ice rink; the Historic City Auditorium; Deerfield Hills, Hillside, Meadows Park, and Westside (Contracted) Community Centers; adult and youth sports programs; and the therapeutic recreation program.

The Administration portion of the division provides centralized support to the various operating functions, as well as manages multiple internal and external programs. General services include accounts payable and clerical support. Administration is also the primary interface between the public and the Department. In a typical year, staff process reservations for the Department's rental facilities, permits over 600 special events, recruits and manages over 10,000 volunteers, and responds to thousands of inquiries about programs and facilities. Administration also cultivates public/private partnerships that allow the City to strengthen and expand programs, acquire natural areas, and build facilities.
