## Police Department - Overview

---

The Colorado Springs Police Department (CSPD) provides police services in partnership with the community to promote the safety and welfare of our residents. Police services span a large continuum, from answering residents' calls for service to solving crimes. Police services also include other critical components, such as community and media outreach, victim services, traffic safety and enforcement, crime prevention, tactical operations, and crime lab services.

To achieve this mission, the CSPD collaborates extensively with local, state, and federal partners including the military, multiple communities, and other public sectors. Numerous relationships are essential to gathering community input on police services and engaging the community as partners in solving issues.

The Colorado Springs Police Department is comprised of four components: The Office of the Chief of Police; the Patrol Operations Bureau; the Investigative and Special Operations Bureau; and, the Operations Support Bureau.

**The Office of the Chief of Police** provides leadership and strategic direction for the Police Department. Here, CSPD's commitment to providing residents with access to timely, accurate information is met; the Department's goals, objectives, policies and priorities for each assigned service area are developed in accordance with best practices; and, human and fiscal resources are properly managed.

**The Patrol Operations Bureau** consists of the Gold Hill Division, Falcon Division, Sand Creek Division, and Stetson Hills Division.

**Patrol Divisions** respond to residents' calls for service, conduct criminal investigations, provide traffic and DUI enforcement, investigate traffic crashes, and engage in problem-solving efforts in collaboration with the community and our schools. Patrol officers are also involved in providing safety assessments and public awareness presentations. In addition, specially trained, non-sworn Community Service Officers assigned to each patrol division perform a variety of duties that have traditionally been handled by police officers.

### **The Investigative and Special Operations Bureau**

The **Investigations Division** investigates violent crimes, including homicides, sexual assaults, felony assaults, child abuse, felony domestic violence, and felony elder abuse; provides assistance to victims of crimes; investigates financial crimes to include fraud and identity theft; investigates and combats the exploitation of children on the Internet; operates the Metro Crime Lab where DNA analyses and many other tests and evaluations of physical evidence are performed; and, provides crime scene investigation.

The **Specialized Enforcement Division's** mission is to provide a tactical and/or canine response to volatile situations, security to numerous municipal facilities, traffic enforcement at high accident locations and school zones, and investigations of major accidents. The Specialized Enforcement Division also supports special events throughout the City and provides VIP security services for dignitaries visiting our community.

## Police Department - Overview (con't)

---

The **Metro Vice, Narcotics and Intelligence Division (MVNI)** works to impact the local drug and human trafficking market and its negative effects on our community; and acts to eliminate other vice crimes such as prostitution and illegal gambling. The Division is also responsible for enforcement and compliance of laws and regulations affecting marijuana and liquor throughout the 4<sup>th</sup> Judicial District. MVNI also includes the Robbery, Strategic Investigations, Motor Vehicle Theft, and Armed Violent Offender units. MVNI is multijurisdictional, with members from the Colorado Springs, Woodland Park and Fountain Police Departments, as well as the El Paso County Sheriff's Office. MVNI is actively engaged with similar federal and state investigative agencies, allowing for criminal information gathering and sharing, threat analysis and enforcement. In addition, MVNI oversees the Strategic Information Center (STIC), an active collaboration of Crime Analysis and Intelligence, responsible for advancing Intelligence Led Policing within CSPD.

### The Operations Support Bureau

The **Professional Standards Division** is responsible for a number of compliance functions, such as maintenance of policies and procedures, accreditation, and internal investigations. This Division is also responsible for the Department's continuous connection to the community through the Media Liaison and Community Relations Unit. Professional Standards is also responsible for the Evidence and Impound units.

The **Communications Center** is responsible for answering 911 and non-emergency calls and for dispatching police, fire and/or medical services within the City of Colorado Springs. Through the knowledge, procedures, and skills of the trained communications personnel, pre-arrival instructions are given to callers while responders are en route.

The **Management Services Division** is responsible for the Training Academy which provides training for applicants who have been hired as police officers by CSPD, and ongoing training for existing employees. Interface with the City's Information Technology Division and oversight of CSPD's multiple technology solutions are also responsibilities of the Management Services Division. In addition, this Division includes the Community Advancing Public Safety (CAPS) volunteer program, the Records and Identification Section; and, the department's fleet and resource allocation, facilities maintenance, and capital project management.
