

Proposed 2018 - 2020 Paving Plan

The year-over-year list represents the City's five year projection for pre-overlay concrete, paving and road reconstruction. It is vital to note that the plan is preliminary and may be altered based on several dynamic factors, which include, but are not limited to: Planned/Emergent Colorado Springs Utilities Projects, City Engineering Projects, City Traffic Engineering Projects or other identified needs. Other forces such as natural disaster, unforeseen damage or other force majeure may also re-prioritize the work. The City Streets Division is committed to aligning its planning with these cooperating entities to ensure the work is completed as efficiently as possible. The City's Streets Division works in collaboration with Engineering, Traffic and Colorado Springs Utilities to ensure that all efforts and investments take into account the needs and interests of these cooperating entities in working to best serve the residents of Colorado Springs. These entities work hand-in-hand to flush out latent conditions before beginning work so that necessary repairs on our roads can be carried out in an uninterrupted fashion.
