SCHEDULE A (ADDENDUM 1)**BID FORM**

The undersigned declares that they have carefully examined the bid information and complete solicitation (the term solicitation means the complete Invitation for Bid, I.F.B.) in submitting a bid for the “**UNIVERSITY PARK TRAIL AT THE UNIVERSITY OF COLORADO, COLORADO SPRINGS PROJECT**”.

The bidder’s signature will be considered acknowledgement of understanding and ability to comply with all items in this solicitation. If a bidder makes any changes or corrections to the bid documents (such as whiting-out, or writing over a figure, etc.), such changes or corrections must be initialed and dated by the person signing the bid prior to its submittal.

GRAND TOTAL BID will be evaluated and awarded as follows: The City of Colorado Springs intends to award a construction contract to the lowest responsible and responsive bidder for the total base bid.

TOTAL BID will be evaluated and awarded as follows: The City of Colorado Springs intends to award a contract to the lowest responsible and responsive bidder as specified in B.15. Each bidder will provide pricing for each area listed in the following documentation.

Construction Manager's Supplemental Bid Notes: (if applicable)

- 1) The owner shall select a testing agency and pay for soil proctors, compaction testing, and concrete testing. It will be the owner's determination the amount and frequency of testing to be performed. The contractor shall be responsible to call owner's representative a minimum of 24 hours in advance to schedule testing for work to be performed. Additional testing required for compliance due to non-compliance with specifications shall be paid by the contractor until compliance has been met.
- 2) The contractor shall coordinate inspections for the following: rough grading, fine grading, compaction, forming & reinforcement, concrete placement, vegetation of site, and final inspection. A minimum of 24 hours of notice to the owner's representative, agencies with jurisdiction, and designated parties is required prior to commencement of work.
- 3) The contractor shall submit a project schedule to the owner's representative prior to the pre-construction meeting. The contractor shall submit weekly updated schedules during the project until completion. The contractor shall submit a schedule of values to the owner's representative prior to the pre-construction meeting.
- 4) The contractor shall be responsible for cost and management of obtaining proper traffic control during the duration of the project. Supply, erect, and maintain construction safety fencing as indicated on plans. Contractor shall remove fence from site upon project completion.
- 5) The contractor shall be responsible for cost and management of trail detour signage during the duration of the project. Supply, erect, and maintain detour signage. See Exhibit 9.4 for Parks, Recreation and Cultural Services Trail Detour Standards.
- 6) All survey and layout needed to perform the scope of work shall be considered incidental to the project and at the contractor's expense.

CITY OF COLORADO SPRINGS

- 7) Remove and legally dispose of debris to an offsite location as needed to complete the project. Earthwork required to complete all contract work items including, but not limited to the following: export excess materials off-site, backfill, compaction, rough grading and final grading. These are an incidental costs to be paid by the contractor.
- 8) Acquire and manage all permits necessary to perform project. The contractor shall also call for utility locates and supply the owner's representative a copy of the locate sheets 72 hours prior to any earthwork activity.
- 9) The contractor shall clear and grub vegetation as necessary to conduct work and dispose of the debris legally offsite.
- 10) New 4000psi concrete: Curb and gutter per City of Colorado Springs Engineering Standards. New concrete for trail shall be 5" thick with fibermesh.
- 11) New 4000psi concrete: Driveways per City of Colorado Springs Engineering Standards. New concrete for trail shall be 8" thick with fibermesh.
- 12) The contractor shall repair or replace any damaged areas during construction, including but not limited to concrete, asphalt, revegetation, trees, or trails. Any disturbed areas outside the scope of work shall be reclaimed with native seeding.
- 13) Bidders are to include all costs within mobilization associated with the following specific items that are considered incidental to completing the bid items and will not be paid for separately:
 - a) Erosion control, erosion control inspector, vehicle tracking mat, weather protection and tree protection.
 - b) Surveying, field staking, and layout.
 - c) Barricades, signage and safety fencing.
 - d) Required permits from local jurisdictions and agencies; including, but not limited to, State of Colorado Stormwater Permit
 - e) Legal, off-site disposal of demolished / surplus materials, concrete washout structures, and construction debris.
