Class Specification – Behavioral Health Clinical Navigator II

Summary Statement:
 The purpose of this position is to perform assessment, navigation, brief solution focused treatment, as well as, team oversight duties. Work with community citizens who have been identified as super utilizers (members) with in the Emergency Medical System, to include 911 and Emergency Department over usage. Work with the member through crisis and symptom management, into the health maintenance phase and sometimes at the end of life. Work closely with members to identify and address the barriers that keep members from getting ongoing resources and treatment they need. They also coordinate care, provide behavioral/ social information tailored to the needs of each member, and provide motivation and support. Behavioral health clinicians will also assist with referral management and intakes into the CARES program. Work in a team with a medical navigator to manage an integrated caseload and will have some task oversight expectations along with managing more challenging clientele.

DISTINGUISHING CHARACTERISTICS:
 This is the full journey level class within the Behavioral Health Clinical Navigator series. Employees within this class are distinguished from the (I level) by the performance of the full range of duties as assigned. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise, and are fully aware of the operating procedures and policies of the work unit. Positions in this class are flexibly staffed and are normally filled by advancement from level I, or when filled from the outside, have prior experience.
