### Class Specification – City Accounting Manager

**Summary Statement:**

The purpose of this position is to verify financial controls to ensure the accuracy of the City’s reporting. This is accomplished by directing the accounting and accounts receivable functions of the City; working with departments on accounting related issues; working with investment advisors to ensure funds are safeguarded and invested in accordance with adopted policies; working with financial advisors on debt issuances or refunding; preparing official statements; coordinating with internal and external auditors; staying abreast of accounting trends and current GAAP requirements; preparing division annual budget; working with consultants; and supporting the Chief Financial Officer. Other duties include participating on special committees as required and acting in support of special projects.

<b>Essential Functions</b>	Note: Regular and predictable attendance is an essential function in the performance of this job.
<b>Time %</b> (All below must add to 100%)	Note: Time spent on each essential function will vary based on operational needs and is only intended to be an approximation over the course of a full year.
45%	Supervise and coordinate complex accounting activities, the annual financial audit, and preparation of the comprehensive annual financial report. Evaluate and implement business and financial information systems. Develop and implement accounting policies and procedures. Coordinate the organization, staffing, and operations of accounting activities, analytical studies, and special projects. Participate in the development, recommendation, and implementation of goals, objectives, policies, and priorities. Identify opportunities for improving service delivery methods and procedures; identify resource needs; review with appropriate management staff; and implement improvements. Direct, coordinate, and review the work plan for assigned accounting services and activities; assign work activities and projects; monitor work flow; review and evaluate work products, methods, and procedures; and meet with staff to identify and resolve problems.
30%	Review all general accounting transactions including adjustments and modifications to account for corrections, increases, decreases, and transfers; and approve fixed assets and grant accounting. Review and approve year-end accrual transactions and advise all accounting sections of proper year-end procedures. Maintain the City's general ledger based on generally accepted accounting principles; interpret financial information; and
