Zone	3	Job Code	17830

Class Specification - City Horticulturist

Summary Statement:	
<p>The purpose of this position is to supervise, oversee, and coordinate the city horticulture program and assigned parks, and medians in an effort to continue Colorado Springs long tradition of providing beautiful parks and parkways for its citizens and visitors. This is accomplished by supervising and scheduling all phases of the greenhouse operations, flower bed designs, propagating seedlings, transplanting, and maintenance of flowers, plants and shrubs, associated with the parks, medians, special improvement maintenance districts, and the "Springs in Bloom" volunteer flower bed program; evaluating the cultural needs of turf grass and other plant materials; developing ongoing landscape maintenance programs; tracking and recording irrigation scheduling and assuring that the district's water is within budgeted allotments. Other duties include pond maintenance and managing and overseeing contracted maintenance services.</p>	
Essential Functions	Note: Regular and predictable attendance is an essential function in the performance of this job.
Time % (All below must add to 100%)	Note: Time spent on each essential function will vary based on operational needs and is only intended to be an approximation over the course of a full year.
35%	Supervises, plans, and coordinates city horticulture program and assigned park and median operations and activities by supervising and evaluating employees, volunteers, event coordinators, and outside contractors; participating in the development and implementation of goals, objectives, policies, and priorities. Identifies and implements opportunities for improved service delivery methods and procedures; directs, coordinates, and reviews the work plan for assigned staff; assigns work activities and projects; reviews and evaluates work products; meets with staff to identify and resolve issues; provides horticulture consultative assistance to park staff, planners, supervisors, volunteers, citizens, and outside agencies; interacts with volunteers and the public sector; prepares clear and concise reports; and stays informed of new trends in horticulture and irrigation conservation and technologies.
