RESPONSIBILITY OF BIDDERS AND OFFERORS

4-101 Standards of Responsibility

Factors to be considered in determining whether the standard of responsibility has been met include whether a prospective contractor or vendor has:

- a) Available the appropriate financial, material, equipment, facility, and personnel resources and expertise (or the ability to obtain them) necessary to indicate capability to meet all contractual requirements.
- b) A satisfactory record of past performance, including conduct and cooperation.
- c) A satisfactory record of integrity.

2. List of pre-bid meeting attendees and presentation attached.

A photograph of a dirt trail winding through a lush green forest. The trail is made of reddish-brown earth and shows signs of damage, with several deep, irregular ruts and a small puddle of water. The surrounding vegetation is dense and vibrant green, with various types of trees and shrubs. The lighting is soft, suggesting an overcast day or a shaded forest environment.
