**Informational Meeting to be Held Thursday on  
North and South Douglas Creek Project**

Colorado Springs, Colo. – City of Colorado Springs Engineering will host an open house meeting Thursday to inform area residents about upcoming repair work scheduled for the concrete-lined channels on North and South Douglas Creeks.

**Informational Meeting**

- **Thursday, Sept. 19**
- **4:00PM - 7:00PM**
- **El Paso County Citizens Service Center (1675 Garden of the Gods Road)**

The project consists of replacing the most critical sections of deteriorated concrete-lined channel along the nearly six miles of existing channel. Engineering staff will be available at the meeting to answer questions related to construction scheduling and prioritization.

The project webpage will be updated through the duration of the project and can be found by clicking this [link](#).
