

Job Title	Parking Meter Technician, Senior	FLSA Status	Non-Exempt
Band	GNL	Probationary Period	12 Months
Zone	7	Job Code	14064

Class Specification – Parking Meter Technician, Senior

Summary Statement:

To lead, oversee, and perform a variety of maintenance and repair of electronic parking meters; collect and deposit daily monies from City parking meters; download data from hand held computer to personal computer; and perform technical tasks relative to assigned areas of duty. Other duties include supporting Parking Systems Manager on special projects when necessary. This is the advanced level class in the Parking Meter Mechanic series. Positions at this level are distinguished from other classes within the series by the level of responsibility assumed and the complexity of duties assigned. Employees perform the most difficult and responsible types of duties assigned to classes within this series including overseeing the work of lower level parking meter staff. Employees at this level are required to be fully trained in all procedures related to assigned area of responsibility.

DISTINGUISHING CHARACTERISTICS:

This is the advanced journey level class in the Parking Meter Technician series. Positions at this level possess a specialized, technical, or functional expertise within the area of assignment and may exercise lead supervision over assigned lower level staff. Employees are typically assigned significant responsibilities above the journey level and often exercise independent judgment in the performance of all duties. This class is distinguished in that it performs the most complex work assigned to series and serves in a working supervisory capacity over lower level staff.

Essential Functions	Note: Regular and predictable attendance is an essential function in the performance of this job.
