

October 2019 Public Information Meeting

1. What do you view as some of the most significant transportation issues in the study area shown on the map? (congestion, connectivity, ridership, noise, etc.)?

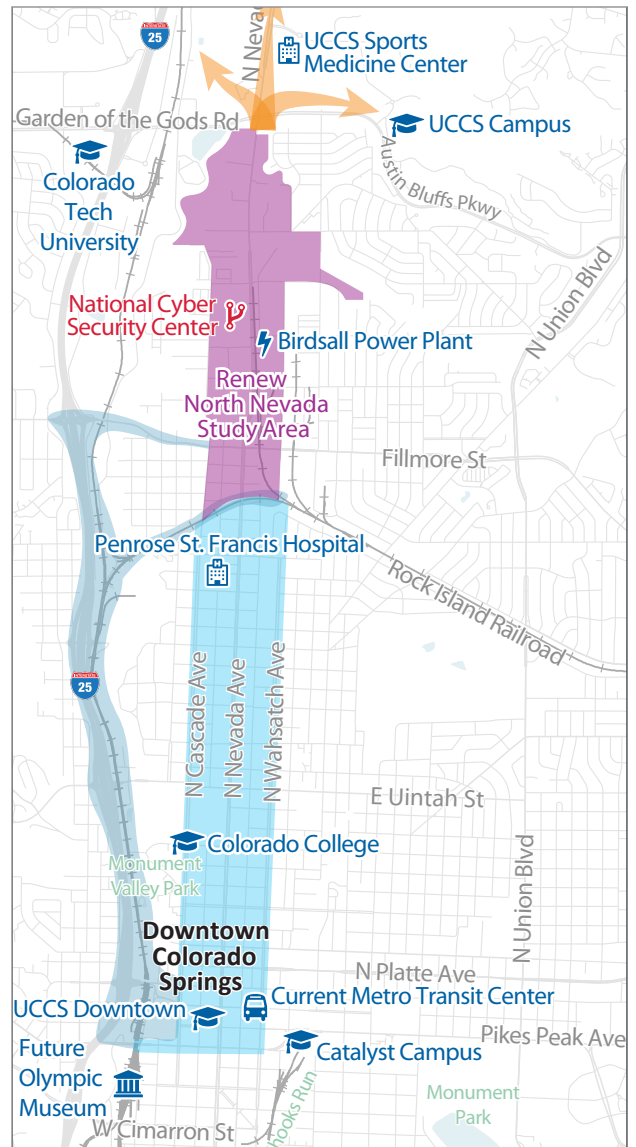

2. What transit improvements would you like to see in the Study Area? (more frequent service, bus shelters, real time information, other)?

3. What is your biggest challenge to becoming a frequent transit user?

4. Please rank the following factors to consider in developing transit improvements in this study area:
(1 = Most Important, 4 = Least Important)

- Efficient and reliable service
- Generating economic development
- Environmental effects (air, noise, pollution, etc.)
- Cost to build and operate

5. Identify up to four specific locations within the study area that would be well served by transit:

October 2019 Public Information Meeting

Additional Comments _____

How did you hear about this meeting? _____

Is your primary interest in this corridor from the perspective of:

- A resident
- An employee
- A business/land owner
- A communtiy group
- Other _____

Optional:

Please provide the following information to be added to our project notification list

Name: _____

Email: _____

Community/Organization (if applicable): _____

Thank you for your comments!
