### **3.3 SELECTION COMMITTEE**

A selection committee will review all proposals. Through this process, the City will determine which proposals are acceptable or unacceptable. The City will notify, in writing, the Offerors whose proposals are deemed to be unacceptable. Those Offerors offering proposals deemed to be acceptable by the City will be evaluated and scored by the selection committee. This scoring will determine which Offerors are considered to be in the competitive range and may be the basis for an award decision without further steps.

If the selection committee elects not to award based upon evaluation scoring, it may engage in a forced elimination process. To inform this process, it may require oral presentations or interviews with the Offerors considered to be in the competitive range. If oral presentations or interviews are conducted, they may also be scored, or they may simply be considered as information supporting the forced elimination process. The selection committee may request revisions to the proposal from each of the Offerors at the conclusion of the interviews. The intent of the forced elimination process is to reach consensus. The decision will be based on all relevant factors, and based upon perception of best value. The final decision may or may not exactly reflect scoring ranking.

The City also reserves the right to request best and final offers from all Offerors at any point in the proposal evaluation process.

### **3.4 AWARD OF CONTRACT**

It is anticipated that there will be negotiations or discussions with Offerors. However, the City reserves the right to award without negotiations or discussions.

The City also reserves the right to award a contract not necessarily or merely to the Offeror with the most advantageous price. The City intends to award to the Offeror that demonstrates the best value to the City and the most substantiated ability to fulfill the requirements contained in this Request for Proposal. A contract prepared by the City will be finalized and/or negotiated with the successful Offeror. In the event a contract cannot be negotiated with the top ranked Offeror, the City may enter into negotiations with the second highest ranked Offeror, or the City may decide to call for new proposals. Immediately after the notice of award, the successful Offeror will begin planning in conjunction with the City of Colorado Springs staff (to be designated by the City) to ensure fulfillment of all its obligations.   - iii. If, within thirty (30) calendar days after such meeting, the Parties have not succeeded in negotiating a resolution of the dispute, they agree to submit the dispute to non-binding mediation and to bear equally the costs of the mediation.

## APPENDIX C. SECURITY AND BADGE REQUIREMENTS

A portion of this project takes place within the restricted areas of the Colorado Springs Airport. The Airport is required under Federal law to control access to the restricted areas of the airport by issuing security access media (Identification Badges). Specifically, this project will require personnel access to the **Secured Area – Third Floor Administration Office**. The restricted access area includes all work performed on or around the terminal building that are within the restricted access area. The landside vehicle parking area, the building interior and the portion of the building exterior walls outside of the Sterile, AOA and SA-SIDA areas are limited access areas but will not require Airport issued access badge media or vehicle permits during the project.

Upon receiving the notification of award for the project, the Contractor is encouraged to immediately start the badging process by contacting the Airport Badging Office at (719) 550-1936.

Fingerprint Submission forms and Badge Application forms can be found here: <https://www.flycos.com/airport-badgingtraining-office>

All contractors and sub-contractors seeking access to any/all restricted areas which include but aren't limited to; AOA/SIDA, AOA, STERILE, and/or SA-SIDA are required to be fingerprinted, complete a Criminal History Record Check (CHRC) and a TSA Security Threat Assessment (STA) to obtain a badge prior to the commencement of activities within the access restricted area. After an applicant successfully clears the CHRC and STA, video training may have to be conducted to obtain a badge.

The contractor can designate up to three representatives (to be a Signatory Authority) who will authorize the issuance of badges to employees for unescorted access to restricted areas. All Signatory Authorities must first complete the CHRC, TSA, and Signature Authority training before the process can begin for any other employees.

The fee for fingerprinting is \$45.00 (non-refundable), per person and is the sole responsibility of the Contractor. The process can be time consuming and the Colorado Springs Badging Office is limited on the amount of personnel they can process daily, therefore appointments are required.

All Contractor personnel shall be badged for access to the restricted areas.

After results of the CHRC and STA are obtained (typically within 2 weeks, however could be longer if the individual was born outside the USA), contractors will be contacted and scheduled to complete video training as applicable. Video training durations average two hours and is conducted on a computer. The Airport has 8 computer training stations. Upon successful completion of the required training a COS badge will be issued allowing the individual to access points designated for the project.

TSA may make surprise inspections to assure the security procedures in place are being followed and any fines assessed against the Airport by the TSA, due to the contractor's negligence, will be passed on to the contractor. Revocation of badges may occur if COS Operations determines the violation deems it.

If the results to either background check are unfavorable, the individual may not be badged until the unfavorable results have been adjudicated. Once the authorized signer has been notified of positive results, the individual has up to 30 days to be badged, however if the employee is actively onsite, they must be badged within 3 business days of notification of favorable results. If they are not badged within 30 days after notification all results are void and they must be re-fingerprinted. They may not be escorted after their results have expired.

At the completion of the project all badges shall be returned to the Airport Badging Office. A fine of \$100 will be imposed upon the Contractor for any badges that are not returned within 30 days of project completion.

Contact Airport Badging Office at 719-550-1936 for the required forms and to schedule appointments.
