**Plan Ahead and Prepare**

- A little preparation goes a long way! Checking the forecast, planning your route, and reviewing the Rules and Regulations will help prepare you for your Ute Valley Park adventure.

**Travel on Durable Surfaces**

- Stay on designated trails to minimize soil erosion and preserve Ute Valley Park's natural features. Muddy trails? Hike right through them! And please respect Natural Preservation Area closures.

**Dispose of Waste Properly**

- Please Pack Out all trash items, including dog waste, or place it into a trash can before leaving the park. This keeps Ute Valley Park looking (and smelling) tree-UTE-ful!

**Leave What You Find**

- From lizards to frog eggs, Ute Valley Park is full of fascinating features! Remember to take pictures of these finds and leave them where they are for other park users to discover.

**Be Careful with Fire**

- Spark and grease Meadows don’t mix. Please, grilling, and smoking are prohibited at Ute Valley Park. Help us protect the Park from wildfires.

**Respect Wildlife**

- Ute Valley Park provides a natural habitat for a variety of animals. Please observe all wildlife from safe distances and never feed them.

**Be Considerate of Others**

- Practice recreational empathy! Enhance the experience of other Ute Valley Park visitors by sharing the trail. Cyclists should always ride in control. And everyone yields to equestrians.
