

## **Vision Statement:**

Professionally and Compassionately Helping People Receive the Right Care, at the Right Time, in the Right Setting, with the Right Resource by Providing Integrated Navigation.

## **Mission Statement:**

CSFD Community & Public Health Division will fully integrate the CSFD into the broader healthcare system to improve the health outcomes and quality of life for individuals in need of non-emergency services. Through partnerships with public and private resources, CSFD Community & Public Health will increase access to the appropriate level of healthcare, behavioral health and social services in a timely and cost effective manner.
