Preliminary Plat Application Requirements

REVIEW CRITERIA: It is the purpose and intent of this article:

A. To promote the health, safety, convenience and general welfare of the citizens of the City.
B. To set forth appropriate standards for subdivision design which will:
   1. Encourage the development of sound, economical, stable neighborhoods and create a healthy living environment for the residents of the City, in conformance with the goals and policies of the Comprehensive Plan.
   2. Provide for lots of adequate size, configuration and appropriate design for the purpose for which they are to be used and to accommodate the physical features of the site.
   3. Promote design flexibility.
   4. Provide for streets of adequate capacity and with which appropriate improvements will handle anticipated traffic flow.
   5. Preserve the significant natural features and environmental quality of the City.
C. To set forth appropriate standards for utilities and services which will:
   1. Provide an efficient, adequate and economical supply of utilities and services to land proposed for development, in order to assure that governmental costs are minimized to the greatest extent possible.
   2. Ensure at the time of subdivision that adequate storm drainage, sewage disposal and other utilities, services and improvements needed as a consequence of subdivision of land are provided.
   3. Provide for the undergrounding of all public utilities lines up to thirty thousand (30,000) volts except as otherwise provided in section 7.7.805 of this article.
D. To assure the provision of adequate and safe circulation which will:
   1. Minimize traffic hazards through means of appropriate street design, and provide for safe and convenient vehicular and pedestrian traffic circulation.
   2. Provide for adequate vehicular access to abutting properties and the subdivider's remaining holdings.
   3. Assure that street rights of way are provided for in accord with the major thoroughfare plan and the City Engineer design manual.
   4. Provide for safe and convenient pedestrian access throughout the community.
E. To assure adequate public facilities are provided which will:
   1. Enhance the coordination of subdivision development with the provision of public facilities such as parks, recreation areas, schools and other types of community facilities.
   2. Ensure that public facilities are provided in accord with the City's Comprehensive Plan.
   3. Provide for adequate law enforcement and fire protection facilities.
F. To ensure the appropriate development of the community through the implementation of the goals and policies of the Comprehensive Plan. (Ord. 96-44; Ord. 01-42)

SUBMITTAL CHECKLIST: The following items will need to be included in any Preliminary Plat review submittal.

Applicant

☐ General Development Application Form

A Project Statement identifying the following (#TBD by planner):
   1. A clear description of the proposed plat. If public easements dedicated by plat to the City are to be vacated as part of the request, indicate this within the project statement letter;
   2. A Justification based on the review criteria addressing why the proposed plat should be approved; and
   3. An Issue List stating how each of the pre-application issues, as communicated to the applicant/owner by the reviewing planner, has been addressed in the proposed subdivision plat.

☐ 1 copy of a Black Line of the proposed project, reduced to 11" x 17", or a .pdf

☐ A legal description of the proposed project

☐ 4 copies of a Geo-Technical Hazards Report or Waiver

☐ 4 copies of a Drainage Report, prepared by a qualified engineer will be required, unless waived in writing by the City Subdivision Engineering Review Team (SERT).

☐ 4 copies of a Traffic Study prepared by a qualified engineer will be required, unless waived in writing by the City Subdivision Engineering Review Team (SERT).

☐ 3 copies of a Wastewater Facilities Master Report (See Utilities Submittal Supplement for additional information)

☐ Proof of Ownership via title insurance, tax assessor's statement, sworn statement of the owner or a deed.

☐ Ad Valorem Taxes - proof payment via paid tax receipt, an archive report, or a certificate for ad valorem property taxes.
## Applicant

- A copy of the **Pre-Application Meeting Summary** from the assigned City Planner

- Copies of a Preliminary Plat showing all "Plan Content Requirements" below (# TBD by Planner)

- **Utility Line Locates** provided if public easements dedicated by plat to the City are to be vacated, unless waived by Springs Utilities (refer to content requirements).

- **Mineral Estate Owner Notification Certification Affidavit** (Public Hearing Items ONLY).

## PLAN CONTENT REQUIREMENTS

The content of the preliminary plat must include the following information.

### General Information

- Name of subdivision at the top of the sheet, followed by a subtitle identifying the Section, Township and Range along with City, County and State.

- Sheet Size shall be 24” x 36” including 1/2” border with ‘landscape’ orientation.

- Indication of standardized scale, both fractional and bar (i.e. 1” = 20’).

- North arrow

- Vicinity Map (does not have to be to scale). A vicinity location necessary to locate the tract.

- Date of preparation

- Legal Description of the overall boundary of the subdivision with acreage. All courses on the legal shall be shown and labeled on the plat drawing.

- Name, address and phone number of the applicant, legal property owner and/or subdivider

- Name and address of the designer, surveyor and/or engineers.

- Approximate location of land intended to be conveyed or reserved for public use or reserved in the deeds for the use of all property owners in the proposed subdivision.

- All existing building, landscaping and parking areas. An indication of the buildings and improvements to remain and to be removed in conjunction with the subdivision.

- Avigation Easement - Book and Page or Reception number where the avigation easement to the Colorado Springs Municipal Airport is recorded for property located under any of the air approach zones.

- Existing zoning and/or proposed zoning boundary lines, including zoning of contiguous properties.

- Approximate layout, dimensions, square footage and number of lots.

- Names of the public or private streets or other public and private ways, easements, railroad and utility rights-of-way, section and incorporation lines within the tract. Any private street shall include the designation “private” immediately following street name; any other private right-of-way that is not named shall include the designation “private”.

- The approximate radii of all street curves

- Size and location of existing bridges, culverts and other provisions for collection and discharge of surface drainage.

- Indication of any property subject to 100 year flooding as determined by the FEMA maps; approximate location of all areas subject to inundation or storm water overflow and the location, width and direction of flow of all water courses.

- Accurate existing contours shall be shown at intervals of two feet (2’) or less; contours at intervals of five feet (5’) will be acceptable for very rough topography. Said contours shall be extended unto adjacent property a sufficient distance to establish proper topographical relationships.

- Proposed grading, including approximate street grades.

- Means of providing vehicular access to adjoining properties.

- Show all adjacent public rights-of-way and improvements, including location of existing curb, pavement, gutter and sidewalk.

- All other information required by Colorado State law.

- All easements, both existing and proposed. (This includes all easements are required by the Utilities Departments, City Engineer and other public and quasi-public agencies.) Provide either the book and page, or the reception number for each easement.

- All existing and proposed utility mains and services accurately and clearly depicted.

- Indicate all existing easements requested to be vacated.
