**Class Specification – Safety Specialist, Senior**

<b>Summary Statement:</b>	
<p>The purpose of this position is to support the employee safety program by providing broad range of consulting and safety services by working with and supporting various departments. This is accomplished by developing safety training; conducting training sessions for employees concerning safety laws and regulations; the proper use of safety equipment; investigating causes of accidents or injuries and develop solutions to minimize or prevent recurrence; compiling, analyzing, and interpreting statistical data related to exposure factors concerning accidents; and implementing an employee driver safety program to reduce property damage and bodily injuries.</p>	
<b>DISTINGUISHING CHARACTERISTICS:</b>	
<p>This is the advanced journey level class in the Safety Specialist series. Positions at this level possess a specialized, technical, or functional expertise within the area of assignment and may exercise lead supervision over assigned lower-level staff. Employees are typically assigned significant responsibilities above the journey level and often exercise independent judgment in the performance of all duties. This class is distinguished in that it performs the most complex work assigned to series or serves in a working supervisory capacity over lower-level staff.</p>	
<b>Essential Functions</b>	Note: Regular and predictable attendance is an essential function in the performance of this job.
<b>Time %</b> (All below must add to 100%)	Note: Time spent on each essential function will vary based on operational needs and is only intended to be an approximation over the course of a full year.
40%	Perform a variety of complex safety duties in support of organizational activities. Develops safety training materials and presents training materials in a variety of formats in compliance with current federal and state guidelines; and ensures safety documents are accurate and readily accessible for all employees. Thoroughly evaluates risk exposure and provides clear and concise assessment of risk value. Considered a subject matter expert. Assists with internal and state audits.
25%	Develops and implements the employee driver safety program to reduce property damage and bodily injuries. Mentor and train other personnel.
