

FIRE & INJURY PREVENTION EDUCATION PROGRAMS

The Colorado Springs Fire Department is working to accommodate multiple learning options, these programs are now being offered to your students either in-person, via video conferencing, or online. We will be happy to adapt our programs to ensure this education can be incorporated into your platforms. Please share with the teachers and have them schedule early!

Kindergarten & 2nd Grade

The SafetyFactor Kindergarten program is designed specifically for 5-6 year old students! This highly interactive fire and injury prevention program aims to teach students basic fire safety skills and how to apply them. Students will learn and practice:

- The difference between fire as a tool not a toy
- What a smoke alarm sounds like
- What to do when the smoke alarm sounds
- Practice "Get Low and Go"

The SafetyFactor 2nd grade program is a highly interactive fire and injury prevention program aims to teach 2nd graders basic fire safety skills and injury prevention measures as well as how to apply them. Students will learn and practice:

- What to do in an emergency situation and use of 9-1-1
- Importance of having a fire escape plan
- Pedestrian safety
- Importance of wearing a helmet

6th Grade

The Colorado Springs Fire Department's FireFactor program is designed specifically for your 6th grade students! This highly interactive fire and injury prevention program aims to teach students about fire in our community and the consequences of unsupervised, experimental or illegal use of fire. Students will learn about:

- Consequences for fire misuse
- The crime of youth arson
- Fire's impact on populations & geography
- Fire science and fire behavior
- Types of fire in our community
- Virtual fire and today's media
