#### **Fire Department - Overview**

The mission of the Colorado Springs Fire Department (CSFD) is to provide fire, emergency and prevention services with professionalism, compassion and excellence. The majority of Fire Department operations, which includes fire code enforcement, community education, and emergency response, provide direct services to the community. Other programs support these services, including fire and medical training, apparatus and facilities maintenance, communications, human resources, finance, analysis, and planning. The Fire Department has four primary functions as outlined below.

#### **Operations/Medical**

The *Operations/Medical Divisions* provide both emergency response and medical support functions consisting of two individual divisions. The *Operations Division* is responsible for protecting life and property through the effective delivery of emergency response. All emergency response personnel are certified emergency medical technicians (EMTs); the majority are certified at the basic level (EMT-B), but there is at least one advanced life support paramedic (EMT-P) assigned to each station daily. In the dual roles of firefighters and emergency medical responders, fire personnel provide fire suppression, basic and advanced emergency medical service, hazardous materials response, and technical rescue (including extrication at traffic accidents, high-angle rescue, swift water rescue, ice rescue, and other rescue techniques). The *Medical Division* provides oversight of the CMED (Community Medicine) function, basic and advanced medical training, oversees required certifications, and is responsible for working with the City's medical directors, under whose license CSFD personnel provide medical care. The medical directors also oversee quality assurance/continuous quality improvement programs for CSFD staff. The Community and Public Health Section, within the Medical Division, assists residents with access to the appropriate level of health care, behavioral health, and social services in a timely and cost-effective manner.

#### Support Services

The *Support Services Division* ensures the operational readiness of emergency response personnel, apparatus, and equipment. The Training Division provides basic and advanced fire and rescue training, officer development, and operates the Fire Department broadcast studio. The Human Resources (HR) office is responsible for establishing employment and promotional lists, managing and interpreting department policies and procedures, managing performance evaluations, and providing customer service for comprehensive HR services. Facilities/Logistics maintains all fire facilities, manages construction of capital projects, and ensures that all general, janitorial, and office supplies are provided. The CSFD Maintenance Shop maintains emergency response apparatus and equipment. The Accreditation office is responsible for the CSFD's accreditation, policies, and procedures.

#### Finance, Planning and Analysis

The *Finance, Planning, and Analysis Division* develops and monitors the department budget, coordinates all financial functions, assists with grant applications, ensures compliance with grant requirements, performs data analysis, engages in analysis of operational activities and proposals, develops statistical reports and analysis, and coordinates the strategic planning process. This group also coordinates all the information technology needs for the department and works with City Information Technology to implement necessary upgrades, modifications, and changes.

#### Fire Marshal

The *Division of the Fire Marshal* has a broad mission to promote a safer community through hazard mitigation, fire code development and enforcement, fire incident origin and cause, community education and injury prevention, enforcement of hazardous materials regulations, and the management of fire risk, especially in the wildland/urban interface (WUI). This division engages in fire safety code compliance inspections, ensuring construction plans are code compliant; issues permits for hazardous materials; develops evacuation and preparedness plans for businesses; provides safety programs for residents; and conducts residential evaluations and mitigation in the WUI. This organization consists of the Fire Prevention, Community Education and Outreach, and Wildfire Mitigation functions.

#### **Notable Achievements**

**1.7.1** The CSFD plan review turnaround times improved during 2023. This improvement is beneficial to the building community and to those who are wanting to open businesses in Colorado Springs. While CSFD is not at the goal of 90% of all plans to be reviewed in less than 5 days, the overall average for the reviews is 6 days and progress is being made on this strategic imperative.

#### **Building Community & Collaborative Relationships**

#### Initiatives

**3.8.2** CSFD proudly continued the community outreach program called "Living with Wildfire" in 2023. During these town hall forums CSFD spoke about the importance of planning and preparing for a wildfire event in Colorado Springs. The town halls were well attended and when looking at the entirety of the Community Education and Outreach programs, CSFD engaged over 18,000 residents directly and countless others livestreaming events via Facebook in 2023.

#### Notable Achievements

**4.8.1** CSFD expanded the Tiered Response program in 2023 by adding additional CMED staff and adjusted coverage to ensure CSFD is meeting the needs of the community at the most critical times with an appropriate yet alternative response that correlates to a 911 call being dispatched. It is expected that the CMED units will have responded to over 5,400 medical alarms, thus reducing the amount of calls the fire engines and fire trucks are responding to a low level medical incident, ensuring they are available for a more appropriate emergency.

This Strategic Plan update identifies each department's initiatives, performance measures, and a sampling of notable achievements. The Percentage Completion section represents quantitative progress made on each performance measure. The term 'Complete' indicates that all activities of a performance measure have been fully achieved. If '-%' is shown, activity has not started on the performance measure. '100%' reflects performance measure activity is satisfied and is ongoing for the life of the Strategic Plan. For the full description of each initiative and performance measure, reference the bolded ID numbers in the City's Strategic Plan beginning on Page 19 of this document.
