Stay Informed

The South Academy Boulevard Improvements Project addresses aging pavement, curb and gutter, and improves drainage along the project corridor. To provide for better multi-modal and pedestrian access, a new multi-use path is being constructed on one side of Academy Boulevard. Due to existing drainage issues and occasional occurrences of standing water in the roadway, significant drainage improvements are being made.

This is a voter-approved, Pikes Peak Rural Transportation Authority (PPRTA) A-listed project. Estimated cost to address aging pavement, curb and gutter, and improve drainage along the project corridor: \$62 million.
